## ABOUT ME

Welcome to STC, allow me to introduce myself as your Welfare Officer. I have been a member of the club for 7 years and have always found it to be a friendly and welcoming place. However if your experience is anything other than mine please get in contact with me.

Every member should be welcomed to our club and be made to feel safe and respected. We have a duty as a club to report any inappropriate or dangerous behaviour and I am your first point of contact.

The LTA's framework for safeguarding is comprehensive and is there for everyone. It can be found in the Clubhouse or on the STC website. Hopefully you will never need to refer to it, but if you do please let me know.

Best wishes.  
Catherine
